

2017

BUILDING A BETTER BEKA

We're very proud of the reputation our team has earned for providing the industry's best customer service and technical support. We worked hard for it, and we've come a long way, but we aren't done yet! BEKAWORLD is continuing to raise the bar for autolube customers all over North America. What have we done lately? Well...

- 1) We recently recruited a number of regional sales representatives to give us more "feet in the street" and increase our personal service and support to BEKA dealers
- 2) We have geared up our plans to expand our assembly operations in the U.S., with a new, larger facility opening soon to help us deliver new systems faster than ever
- 3) We are investing in larger inventories, more personnel and more training to meet the needs of our customers and dealers in a growing range of autolube applications

With our ongoing growth and new opportunities emerging all the time, this is an exciting time for BEKAWORLD. We're glad to have you along!

About BEKA

BEKA is today's leading global brand of automatic lubrication systems for industrial, over-the-road and off-road applications. Since 1927, BEKA has been trusted by equipment manufacturers and owners for high quality, innovative central lubrication systems. BEKA and its dealer network delivers on the BEKA promise of environmentally friendly, trouble-free products that increase component life, reduce repair costs and increase the value of your equipment. We measure our success by your up-time.

In 2016, Beka-Lube Products Inc. became part of Baier + Köppel GmbH + Co. KG, of Bavaria, Germany, the manufacturer of BEKA-branded central lubrication systems. In America, BEKA systems are marketed and supported by the international BEKAWORLD LP group. For more information about BEKA lubrication systems in Canada or the United States, please contact:
